

TSS Primary Mathematics MTP 2022 - 2023

Year 2 Block 5

Week	Key Targets and Learning Objectives	Success Criteria	Key Activities	Key Vocabulary
1	Know the Time Read and record time to five minutes in digital notation (12-hour) and on analogue clocks.	I can read and write time to 5 minutes.	<ul style="list-style-type: none">Student's Book pp. 201–204Activity Book pp. 163-165Student's Book pp. 205–206, Activity Book pp.166	digital, analogue, o'clock, minute hand, hour hand, quarter past, quarter to, half past
2	Tell Angles Using Turns Understand that an angle is a description of a turn, including reference to the terms whole, half and quarter turns, both clockwise and anticlockwise.	I can tell angles using turns. I can find right angles.	<ul style="list-style-type: none">Student's Book p. 207, Quiz via MCE Cambridge appStudent's Book pp. 208–212Activity Book pp. 167–171	right angle, turn
3	Rotate Shapes and Objects Predict and check how many times a shape looks identical as it completes a full turn.	I can find the number of times a shape looks the same when it rotates.	<ul style="list-style-type: none">Student's Book pp. 213–215Activity Book pp. 172–173	rotate, identical
4	Tell Movements Use knowledge of position and direction to describe movement.	I can tell movements using position and directions.	<ul style="list-style-type: none">Student's Book pp. 216–218Activity Book pp. 174–176	position, direction
5	Draw the Reflections of Shapes Sketch the reflection of a 2D shape in a vertical mirror line, including where the mirror line is the edge of the shape.	I can draw the reflection of 2D shapes in a mirror line.	<ul style="list-style-type: none">Student's Book pp. 219–221Activity Book pp. 177–178	reflection
6	Estimate and Measure Length Understand that length is a fixed distance between two points. Estimate and	I can understand length as a fixed distance between two points. I can estimate and measure lengths of objects in units, cm and m. I can measure lines in cm.	<ul style="list-style-type: none">Student's Book pp. 225–232Activity Book pp. 180–183	metres (m), centimetres (cm), ruler

TSS Primary Mathematics MTP 2022 - 2023

Year 2 Block 5

7	Estimate and Measure Mass Understand that mass is the quantity of matter in an object. Estimate and measure familiar objects using non-standard or standard units.	<p>I can understand mass as how heavy an object is.</p> <p>I can estimate and measure masses of objects in units, g and kg.</p>	<ul style="list-style-type: none">· Student's Book pp. 235–239· Activity Book pp. 186–188	millilitres (ml), litres (l), space, measuring jug, measuring cup, capacity
	Estimate and Measure Capacity Understand that capacity is the maximum amount that an object can contain. Estimate and measure the capacity of familiar objects using non-standard or standard units.	<p>I can understand capacity as the greatest amount of liquid a container can hold.</p> <p>I can estimate and measure the capacity of containers in units, ml and l.</p>	<ul style="list-style-type: none">· Student's Book pp. 240–244· Activity Book pp.189–191
